

**For Immediate Release:
Multi Packaging and Printing Purchases Six H&B Chambered
Doctor Blade Systems at Recent CMM Int'l. Show!**

April 2005, Roseville, CA --- During the recent CMM International show, Marty and Franchette Braaksma, owners of Multi Packaging and Printing, stopped by the Harris & Bruno International booth to present a check to Jim Hughes, Midwest Sales Manager, for six chambered doctor blade systems for their 48" six color Carint Gemini Press. Although a recent start-up company, Multi Packaging and Printing has managed to assemble a premier group of employees with over 35 years of experience in the packaging and printing industry. Franchette Braaksma, President of MPP adds, "With a previous working history with Harris & Bruno we were confident that they could deliver the high quality print and extended blade life we were looking for from a chambered doctor blade supplier." Once again, Harris & Bruno's reputation for quality, value and excellent customer service continues to drive home the decision for printers seeking to purchase chambered doctor blade systems.

Multi Packaging and Printing serves the area located just 30 miles east of Des Moines off Interstate 80 at 200 N.8th Ave. East, Newton, IA 50208. They can be reached by Ph.641-792-7337 or by Fax: 641-792-6250 or visit their website at www.multi-packaging.com. To learn more about Harris & Bruno International and the premier line of printing & coating products visit their website at www.harris-bruno.com.
